Irricana News

The Wheat Pool is off to a fairly good start. Excuses of a number of the outsiders vary. Many excuse themselves in the fear of incontinence of the present management. Well! Well!

Gordon Cadman, bachelor, is back from his farm at Carleton for a few days, the guest of Mr. and Mrs. Elliott. Mr. Francis Viles is in the vicinity with a large threshing outfit 'arriving' to go. No doubt Francis will be amply accommodated.

Mrs. Earl Martin has opened up a laundry in the Dr. Hardin block. A noticeable lull is evident in Frank Kernick's step these frosty mornings. Frank realizes the season is advancing.

Mrs. Dorothy Davis is on a pleasure trip to Calgary.

Mr. Bruce Hay, our eminent mechanic, who was under the weather for a few days, and far from his native win, has recovered, and returned to business.

The members of the White Male, Ltd., re-assembled for a few hours on Saturday evening to discuss the advisability of assuming the same deplume of Golden Globe. The motion was promptly ruled out, Peter Peterson dissenting. Ex-Corporal Cadz was detailed to arrange the roughing of William's nose.

Average Yield Will be High

Charlie Cowell Reports 57 1/2 Bushels

Nearly every threshing outfit in the district had started work by the middle of last week, but was interrupted by the rain and snowstorms on Friday. By Monday grain was again dry, and operations were in full swing. The yield continues to be high, and in most cases is more than had been expected, while the grain is of fine quality.

Some outfits had been delayed in starting on account of shortage of help, but as cutting is now completed, with the exception of some green oats, the situation is advancing itself. Threshermen were doing their best last week to secure help from Calgary, but most of the men approached would not leave the city for less than \$5.00 per day. Some were, however, secured at \$3.50.

Frost occurred on several nights last week, 12 degrees being registered in places on Friday evening. As a consequence grain stave, and flowers were badly affected, but all grain was cut previously.

Charlie Cowell has the biggest yield reported so far with an average of 57 1/2 bushels per acre on 75 acres of Red Buds wheat.

Anton Peterson averaged 50 bushels of oats on 150 acres, and other mid-yields are reported from Cheade district.

McMahon and Bayles last week completed threshing 480 acres of stubble wheat, the average yield being 50 bushels per acre.

Who around Namaka is averaging over 50 bushels per acre, and for the district as a whole the average summer-fall yield will be between thirty and forty bushels.

The price received is the only disappointing factor. Winnipeg prices have slightly under \$1.60. A lot of buyers are being bought for him and strainers.

School Fair Sports

Great interest was shown, both by competitors and on-lookers in the Athletic events at Strathmore school on School Fair Day. The boys' high jump, the pickup baseball game, and the half-mile relay race deserve special mention.

A list of events and prize-winners follows:

Boys under 8, 50 yds. dash—1. Margaret Freeman; 2. Annie Collinson; 3. Milton Ferns.

Boys under 7, 50 yds. dash—1. A. Taylor; 2. Leslie Collinson; 3. Albert Collinson.

Girls under 10, 50 yds. dash—1. Marion Thompson; 2. Violet Hydo; 3. Fono Daney.

Boys under 10, 50 yds. dash—1. Milton Daney; 2. Jack Butler; 3. George Watson.

Girls under 12, 75 yds. dash—1. Martha Downey; 2. Beatrice Cote; 3. Germaine Giroux.

Boys under 12, 75 yds.—1. Neil Brown; 2. Herb Cote; 3. Tommy Taylor.

Girls under 14, 100 yds. dash—1. Audrey Daney; 2. Florence Garrett; 3. Esther Zerkie.

Boys under 14, 100 yds. dash—1. Herb Cote; 2. Neil Brown; 3. Leonard Van Tighem.

Girls open 100 yds. dash—1. Agnes Benz; 2. Nora Chamberlain; 3. Gladys Lewendon.

Boys open 100 yds. dash—Alvah Downey; 2. James Thomson; 3. Arthur Giroux.

Boys' Running Broad Jump, under 13 years—1. Neil Brown; 2. C. Cote; 3. Tommy Taylor.

Running Broad Jump, open 13 years—1. Neil Brown; 2. Tommy Taylor; 3. Neil Brown.

Standard News

Miss Helen Rasmussen left last Tuesday for Blair Nebraska, where she will resume her studies at Dana College.

Fire from unknown causes, broke out at Mr. Kelly's threshing outfit on the 19th. The machine was operating on Mr. Kelly's own farm and the fire was first noticed near the granary, into which the machine was threshing wheat. A stiff wind was blowing, and it was feared the fire would spread over the whole field, but a heavy road grader was brought into use and a fire guard made that stopped the fire on the stubble, but the granary was a total loss, and about 700 bushels of wheat was made useless for market purposes.

The honor of delivering the first wheat of the 1923 crop, and shipping the first car, goes to Mr. Lars Rasmussen, whose first delivery was made on September 12th. Mr. Simon Christensen and Sigurd Rasmussen were knock-neck for second place. All three cars were shipped through the C.P.R. Elevator.

From reports coming in from threshing outfits, it would appear that 25 bushels per acre is going to be the average yield this season. Some fields, however, are going over to 30 bushels. Mr. Chris. Nelson had 45 bushels per acre off one quarter, and it bushels off another. Threshing is just getting nicely under way.

Tinner are certainly beginning to pick up. Mr. Chris. Rasmussen got in a car of new Ford's last Friday. Principal Correll, of Dana School was about the busiest man in the district on fair day. He seems to be everywhere, supervising everything at the same time, and much credit is due him for successfully organizing the receiving and placing of exhibits so that the judges were able to compare their work as early in the day as they did.

Mrs. A. Bushman, of Union Town, Washington, who has been visiting with her son, Paul, for some time, returned to her home last Wednesday. She was accompanied as far as Calgary by Mr. and Mrs. Paul Bushman.

School Elections

At the nomination meeting for Strathmore S. D. Trustees on Monday, four candidates were nominated, the names being: Geo. D. Anderson, A. H. Foote, John D. North, Geo. Quinn.

Mr. Foote later withdrew, so the three others will therefore constitute the new members of the Board.

Robert Moore.

Boys Running High Jump, open—1. James Thomson; 2. Tommy Chamberlain; 3. Arthur Giroux.

Girls three-legged race, handicap—1. Nettie Taylor and Audrey Daney; 2. Martha Daney and Beatrice Cote; 3. Aalia Day and Germaine Giroux.

Boys three-legged race, handicap—1. Alvah Downey and Tommy Chamberlain; 2. J. Cote and James Benz; 3. Harold Downey and Earlford Allen.

Boys Wheelbarrow race, open—1. Alvah Downey and Tommy Chamberlain; 2. James Thomson and Arthur Giroux; 3. J. Cote and James Benz.

Girls Sack Race, open—Mary Scherer; 2. Germaine Giroux; 3. Alice Garrett.

Boys Sack Race, open—1. Douglas Eves; 2. J. Cote; 3. Nathan Waldum.

Boys Jockey Race—1. James Thomson and Wilfred Gardner; 2. Cote and James Benz; 3. George Giroux and Eddie Collins.

Half-mile pony race—1. Robert Moore; 2. Marguerite Schuler; 3. Jack Crellin.

The three-minute baseball game was hotly contested; the score being 12-11.

Namaka News

Mr. John Franklin returned last week from the coast with his racers, where he spent a successful season.

Mrs. Laurie returned home from the hospital on Saturday last, and we regret to report her condition is not improved.

Mrs. A. Nowicky was a visitor to Brooks over the week-end. Mr. Miller, of B. C. is assisting Mr. A. Young, of the Alberta Pacific Elevator Co., during the busy season. Mr. J. W. McIntosh motored to Calgary on Sunday.

Carseland Notes

Mr. Collins and daughter returned from the coast last week where they had been visiting for some time. Mr. J. Anderson finished threshing Monday.

Wilbur Phillips lost last one day last week some where between Carseland and Shepard. It took all of the Phillips family, Fred Dalton, and the telegraph department of the Western Division of the C.P.R. to locate him. For further particulars ask Wilbur.

It is expected that the contractors will start on the schoolhouse this week.

Rev. and Mrs. Lonsdale returned last Saturday from their trip to Banff. Most of the threshing outfits will be in operation this week.

Wheat is coming into town these days in large quantities.

Miss Laura Kennaugh was in Calgary one day last week.

Wheat Pool May Function Soon

Few Withdrawals

The period for withdrawals from the Alberta Wheat Pool expired on Saturday, September 22, and it is stated by Secretary Jackson that the number of withdrawals was equalled by the new contracts received.

Arrangements have been concluded with the Alberta Pacific Grain Co. and the United Grain Growers for the use of their elevators in Alberta, and it is expected that the other companies will come into line.

The appointment of a manager for the pool will be announced shortly, probabilities are J. R. Murray, of the U.G.G., or J. M. McFarland, of the Alberta Pacific.

Within the next six weeks the election of permanent trustees for the pool will be gone ahead with. Ten men are elected from each of seven districts in the Province, and these ten select one from each district, who holds office for a year's time.

FINAL IN DOG CASE \$50.00

The case reported in our last issue, in which Mike Mason was prosecutor, and Walter Armstrong, engineer with Leon F. Pinkerton, defendant, was decided by Mr. T. M. Bates, J. P., at Gleichen, on Monday evening. He found Armstrong guilty of the charge of killing or injuring Mike's dog, and fined him \$50.00 and costs.

Rosebud News

Miss Ella Kirby is visiting her brothers, John and Reginald, of Rosebud. Miss Kirby has been doing mission work in Jabalpur, India, for a number of years. She expects to stay here until the middle of October.

Mr. E. N. Nicklason has recently purchased an International Truck.

Our laundryman, Ma Joe, is painting his laundry. The town would be greatly improved in looks if others followed his example.

Owing to the very busy season, Mrs. Nancy Parke has postponed her talk here for a few weeks.

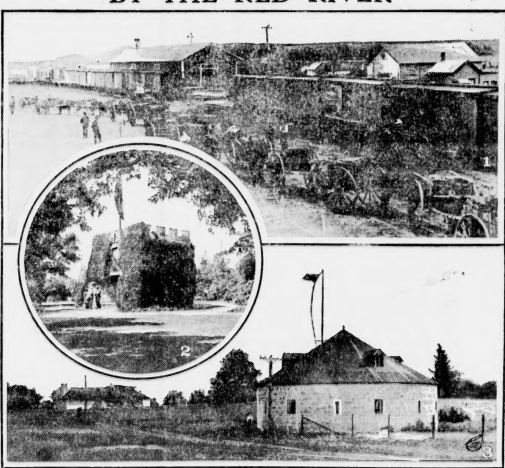

Two very severe frosts last week have ruined all that was left of the gardens. Ice nearly half an inch thick was in the water barrels.

L. W. Comstock was a business visitor in Calgary Friday.

Grasswold school did not partake in the school fair held in Standard as expected. The report of diphtheria and typhoid fever made parents not anxious to send their children. Nevertheless, the children had some fine garden vegetables and school work they would have liked to have had judged.

Mrs. Lester Shoecraft is spending slowly from her accident. She is not yet able to walk.

BY THE RED RIVER

(1) A train of Red River cars laden with furs that travelled down Postage Avenue, the longest street in the world, from Fort Edmonton to the Canadian Pacific station, Winnipeg. (2) A part of "Lower Fort Garry" known as "The Stone Fort," still in good repair.

NOT long since, Fort Garry was the point of exchange between the traders and hunters of the plains—the bartering point of the great fur country to the west. The fur traders looked around the fort, watching every opportunity for furs, and thus, within a stone's throw of Fort Garry, was begun the foundation of the city of Winnipeg. The lake sixty miles to the north had long since been named "Winnipeg," a contraction of the Cree Indian "Ojibway" and "Winnipeg," meaning "win" and "Nipi"—water, so the name was adopted for the new settlement.

Across the river was the old Catholic settlement of St. Boniface and the ranges up and down the corridors of time and history walking its streets, overshadowed by great, old trees, gracing in the mellowed cathedral and buildings with the spirit of time on them. It was as early as 1817 that a band of French soldiers made their headquarters at Point du Lac, and "Nipi"—water, so the name was adopted for the new settlement.

There are now over 800 miles of streets in Winnipeg and many of the names are rich in history.

Here and There

Bradford, Ont.—Mr. Ritchie, the station agent of the Canadian Pacific Railway, has received instructions from headquarters to rigidly enforce the no trespassing order on the property of this company. This is particularly in reference to people walking down the railway track. When accidents happen it always entails a trouble for the company and lately there have been complaints that school children have been using the railway as a thoroughfare.

Vancouver.—"I have been in the Alps and the Pyrenees, but I have never seen anything that can compare with Banff," said William Parkman, famous English actor, when speaking at Hotel Vancouver. Mr. Parkman spoke of the wonderful international race races held at the winter carnival, and said that he had on special invitation visited the great motion picture plant at Banff.

Invermere, B.C.—An appropriation had been passed for the building of a depot at Lake Windermere by the Canadian Pacific Railway. Lake Windermere is the depot for the whole of the Lake Windermere district. It enjoys the reputation of being the only station on the Lake Windermere branch to supply light and heat to the town of Invermere and Fort Steele, which has enjoyed the benefit of an agent since December, 1914. A modest little portable depot, a box car on the ground, has done duty all these years but with the proposed opening of the Banff-Windermere road on the 1st of June, it is no longer thought that it is time the depot and car took a move.

Edmonton.—The Canadian National Parks Branch of the Department of the Interior is commencing the construction of a hydro-electric generating station in Cascade creek in Banff National Park to supply light and power for the town of Banff, Alberta. The dam at outlet of Lake Minnewanka constructed in 1912 to provide storage facilities, will be utilized and will ensure a steady flow of water for power purposes without further impairing the scenic attractions of the locality. Electric power for Banff is at present obtained from the steam plant of the Banffhead Mine and will be undertaken by day labor.

Winnipeg.—Seven thousand cars of grain have been loaded between September 1, 1922 and August 31, 1923 for the western coast by the Canadian Pacific Railway. This represents 10,234,000 bushels of grain for export from Vancouver. The shipments comprised 6,175 cars of wheat, 162 cars, 10 barley and 50 rye. Exports from the western coast destined as follows: The Orient, 2,830 bushels, and the United Kingdom 37,800 bushels. As at January 31, there were 800,000 bushels of Canadian Pacific grain in the elevator at Vancouver and 500 cars in transit carrying 2,000,000 bushels of wheat. The present movement.

Water will be turned into the ditches of the Lethbridge Northern project, north of Lethbridge, it is expected some time this fall.

Clareholm School

Opens October 30

—

Opening of the 1923-24 term of the School of Agriculture, at Clareholm, Alberta, will take place on October 30th, and will continue till March 23rd. It is hoped that a larger number of farmers than ever will be able to send their sons and daughters to this school during the coming winter. The courses which are provided in Agriculture and Domestic Science, are given around the year, and are of the most practical nature, calculated to fit the students for their future life on the farm, and for their responsibilities as citizens.

No requirements are asked of the students entering these courses, in the way of educational standing, save the ability to read and write, and to make use of what they learn. The courses are of two years' duration, with terms of five months each, arranged especially for the convenience of the boys and girls on the farm. The minimum age of entrance is 16.

The course in agriculture lays emphasis on animal and field husbandry, irrigation and farm mechanics, including practice in saw-wooding, blacksmithing, and carpentry. There is no instruction in Agricultural physics, chemistry, bacteriology, farm management and bookkeeping, mathematics and English. Entomology and botany are also taught.

The two year course in domestic science affords opportunity for the young women of the province to train in the economic management of the home. Instructions in the following subjects: Cooking, Chemistry, English, Needlework, Sewing, Culture, Household Administration, Laundry, Mathematics, Physical Culture, Pottery, Sanitation, Sewing and Textiles.

A well-equipped dormitory is provided for the women students at the Clareholm School, under the supervision of the School Officers, whose board and room can be obtained at about \$25 to \$32 a month.

The return railway fares of students residing in the districts previously served by the Baymont and Glenora Schools of Agriculture, will be paid to the Clareholm School of Agriculture by the Provincial Department of Agriculture.

Those desiring information should write the Principal, Clareholm School of Agriculture, or the Department of Agriculture, Edmonton.

Rockyford & Edmonton Play Today at Didsbury

The Alberta amateur baseball championship is to be decided on the field after all. Rockyford and Edmonton have agreed to play their sudden death game to decide the provincial title Wednesday afternoon at Didsbury, and the winners will meet Medicine Hat in the final for the right to hold the Herald cup, emblematic of the provincial championship.

The dispute that kept these rivals apart was rather disappointing, and it is gratifying to those interested in the welfare of amateur ball to see that Rockyford has decided to go through with the arrangement as ordered by the baseball association, rather than to forsake the competition entirely after making such a good showing in amateur sport to date.

Rockyford Ball Player Weds

—

Leon Walker, shortstop of the Rockyford Ball Club has joined the married class. He was married Sunday to Miss Eva Pope at Okotoks, Riv. Mr. Kidd performing the ceremony. Walker has been with the Rockyford team for four years now and is a shifty young ball player and enjoys considerable popularity in the baseball district.

Mr. and Mrs. Walker are visiting in Calgary for a short time and will return to Reshad, where they will take up their residence. —Herald, Calgary

Rockyford Locals

—

Threshing is in full swing, and huge quantities of grain are coming into the various elevators.

The Rude's have completed cutting and will commence threshing this week.

Chantanooga October 1st, 2nd, and 3rd.

The way frost now goes west Tuesday, Thursday, and Saturday, and east Monday, Wednesday and Friday.

Fred Hunter, who had been confined to bed for a couple of days is now around again.

A P. Pomeroy is now in Rockyford Hospital, having met with a painful accident.

A number of residents of town have had dogs poisoned recently, and an investigation is taking place.

How about a skating rink this winter? Get busy, boys. Some of the duck hunters are now killing these days, even getting out at six a.m.

It is now possible to speak over the phone from Rockyford to Saskatchewan and Manitoba.

NOTICE TO CREDITORS AND CLAIMANTS.

In the Estate of DANIEL EDISON FUNKER, late of Reshad, Alberta, farmer, deceased.

Notice is hereby given that all persons having claims upon the estate of the above named Daniel Edison FUNKER, who died on the 12th day of June, A.D. 1922 are required to file with Mr. J. B. McGuire, Barrister, Rockyford, Alberta, by the first of November, A.D. 1923, a full statement, duly verified, of their claims and of any securities held by them, and that after that date the executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed, or which have been brought to her knowledge.

Dated this 6th day of September, 1923.

J. B. McGUIRE,
Solicitor for the Executor

26-9 Rockyford, Alberta.

Irricana News

(Continued from another page)

Frank Ewing was a visitor to Calgary on Saturday. Frank had the body of his car dismantled, and carried a passenger.

Miss Ruth Forester has been injured by her medical advice, to return to Irricana to regain her health. Miss Forester arrived on Friday's train.

Miss Lois Chapman, teacher of the junior classes spent the weekend in Calgary.

Mr. Blake Colclough was a visitor to Irricana Thursday.

Mr. H. Miller, Mr. Denny Howell and Mr. F. Davis were city visitors during the week.

Mr. E. Gregory is enjoying a prolonged holiday in Calgary now that the heavy stocking is completed. Ar they expects to see Ed. some frequently at the ranch.

Mrs. Maree Reynolds has returned from a holiday in the city.

Miss Mable Hesselgrave was the recipient of a handsome gift, presented to her by a number of friends at the pleasant home of Mrs. James Sturges on Thursday afternoon. A large gathering attended to wish Miss Hesselgrave every best wish on her new venture.

A large number repaired to the golf links on Sunday and enjoyed a round of golf. The weather was ideal for the sport and some close scores were handed in. Notable, on the course, were a number of welcome visitors from Irricana.

Another accident, the result of the government this time, resulting in a damaged car and broken bones, occurred where the irrigation ditch dips through the abandoned trail west of town. The miscreant who removed the sign board from the danger zone is in a hot time if he is going to ditch himself. The owner, in the damaged car threatens suit against the corporation unless the car is put in repair. Hello Mayor?

Comfortable and Mrs. Taylor returned to Irricana from Calgary Sunday.

Local Gossip

OF LOCAL INTEREST.
Readers are requested to send in items for this column not later than 12 o'clock Monday noon preceding day of publication. All local news items are welcomed by the Standard. Phone 17 or 68.

High Williams, the winner of the Strathmore Golf Handicap competition, the runner-up being Roland Hill, it would thus appear that a good work, as knowledge of golf is a hobby in what has sometimes been irreverently described as "cow pasture pool."

Mr. W. M. Marshall, High River, paid a short visit to Strathmore on Thursday evening.

The Prince of Wales is reported to have waved his hand, or saluted to someone on Strathmore station platform the other Sunday evening when he passed through at the rate of 30 to 40 miles per hour on a C.P.R. special, and this forms the subject of a couple of inches reading matter in the Herald.

Some of our local young people left on Sunday for courses in leadership of learning. Miss Mary Stockton, Bobbie Stockton, and Elton Haines left for college at Breckenridge, Montana, while Arthur Lester left for the University at Edmonton.

Talking about big crops. One farm within two miles of Strathmore had twenty-six acres of oats on which well over fifty per cent. hail damage was paid. The field threshed out an average of 61 bushels to the acre last week.

Mr. Frank Smith has been appointed Returning Officer for Division Constituency in the forthcoming Liquor Plebiscite.

Old-time residents of Strathmore, Mr. and Mrs. Henry Platt, left on Monday for Spokane where they will be in the future. Henry was employed at the C.P.R. Demonstration Farm for a number of years, but lately has been with the railway department.

E. H. Holroyd, of Mildred, Sask., has joined the staff of the local branch of the Union Bank. Mr. Holroyd already holds the distinction of being the tallest man in town, measuring six feet four and three quarter inches. Prospective bank robber please note.

The Drumhead Mail contains an advertisement in the following terms: "WANTED—Housekeeper for an American bachelor on farm. Good home, and permanent place. Must be German, Austrian, Russian or American." Apparently this American wants someone who will not talk about the war.

We received a booklet from Germany last week offering to sell us some Ladies Journals. The booklet commences "Haben Sie Lust, meine neue Saison einzuschicken," which being freely translated means: "It's a brown bitch sunlight night the night."

A daughter was born to Mr. and Mrs. K. Miyashita on Monday.

Mr. and Mrs. A. H. Wherry, Kansas City, Nebraska, and Mr. P. S. Bagle, Long Beach, Cal., were registered at the King Edward last week. They visited here previously when their settlement was opening up fifteen years ago, and note a wonderful change now.

It is somewhat unfortunate that so few rural schools computed in the district school fair. The cost to each district is only ten dollars, which is entirely devoted to prizes, the expenses of judging and the live stock prize, etc., being borne by the Department of Agriculture. These schools are of much value to the children, and supply an element of competition which is highly desirable. We suspect that the reason some schools are not represented is because of indifference on the part of the trustees.

Mr. and Mrs. L. E. Boucher enjoyed a visit on Saturday afternoon of Rev. D. W. Waterman, from Mr. Boucher's home town, Carp, Ontario. Rev. Waterman is at present attending the American convention in Calgary.

A change in train times at Strathmore will be found in our advertising columns.
Miss L. Proctor, from Medicine Hat, and formerly of Calgary, is now in charge of the dry goods department of Fox's Store. Miss Proctor is one of the best dry goods specialists in the Province, and will be pleased to assist ladies in making a selection of goods for fall and winter dress.

New Lists to be Prepared for Liquor Plebiscite

The Alberta government will not use the old voters' list of 1921 for the Liquor Plebiscite to be held in Alberta on November 5, next.
Instead, new voters' lists will be compiled. A copy of the old list will be handed to enumerators as a basis for their guidance and an entirely new list will be made.

All the printing of instructions to enumerators, clerks and deputies is now under way except a portion of the ballot.

Enumerators Begin October 9
Writings will be returning officers about October 9. The returning officers will immediately appoint enumerators, whose duty it will be to go through their respective polling stations and place on the voters' list the names, addresses and occupations of all qualified electors resident therein.

Each enumerator will be given a copy of the list used at the last provincial election for his guidance, but a new list has to be written up and he is required to make the necessary calls from house to house, where he is not sure he knows the names of all 70,000 inmates who are electors.

Warning to Voters
It is a mistake, however, for every elector to find out if his name is on the list and if not to have it put on. He should call up the returning officer, give the correct place of residence and obtain the name and address of the enumerator for his district. He can then set in touch with the enumerator, who will make sure that his name has been omitted from the list. He can do this any time between the date the enumerator is appointed and Friday, November 2nd.

Any qualified elector whose name does not appear on the list may have it put on on election day by taking the prescribed card, but if his right to vote is challenged by a scrutineer, or a deputy returning officer, his ballot is put in a sealed disputed envelope and not counted, unless the voter appears at a court of inquiry, hold not less than two days after election day, and establishes his right to vote.

Who May Vote
"All persons male or female of the full age of twenty-one years, who are British subjects by birth or naturalization, who are not Indians, and who have resided in Alberta for at least one year, and in the electoral division in which they seek to vote for at least three months immediately preceding the date of the issue of the writ of election, and who reside in the polling subdivision at the time the list is finally approved and who are not disqualified under any of the provisions of the Alberta Election Act."

"A married woman is always of the same nationality as her husband irrespective of her previous nationality. An unmarried woman is subject to the same naturalization regulations as men."

The instructions are further:

What Constitutes Residence
"The place where a man's family resides shall be deemed to be his place of residence, but any man who takes up or continues his abode with intention of remaining at a place other than where his family resides shall be deemed to be residing there he so resides."

"The residence of a single man shall be usually where he sleeps."
"A change of residence can be made only by the act of removal joined with the intention to remain permanently in another place. There can be only one residence."

"No person, while he remains in Alberta shall be deemed to have lost his residence until he has gained another."

BIBLE SOCIETY AUXILIARY
The Union Church of Strathmore, Cheadle, and Namaka was favored with a visit on Sunday last from Rev. D. M. Marr, B.A., the Bible Society Secretary for Alberta. The congregation were much edified with Mr. Marr's preaching and presentation of the achievements and aims of the Bible Society.
The Strathmore Auxiliary was re-organized at the close of the evening services with the following officers for 1923-4: President, C. S. D. Lait; Secretary, John Mackenzie; Collectors, Mrs. Dewitt and Miss Cope.
It was suggested that perhaps lecturers could be secured from the Anglican church also.
Collectors for Namaka are: Mrs. Lewendon and Miss Margaret Shaw for Cheadle, Mr. Kirtom and Mr. W. F. McKenzie.

ALBERTA MEMBER RAILWAY COMMISSION
The appointment has been announced of Hon. Frank Oliver, of Edmonton, to the vacancy in the Railway Commission of Canada, created by the death of Dr. J. C. Rutherford. Mr. Oliver is a veteran newspaperman of Alberta, and was formerly Minister of the Interior.

GOLF NEWS

An interesting weekend has just seen the closing games of three flights in the local golf championship tourney. The men's club championship cup goes to Mr. H. W. Williams, who defeated Roland Hill, 4 up and 2 to play. Mr. Williams' name has been consistently good through the four rounds played, as has also been the work of Mr. Hill, and it was no surprise to find these two doughty players matched in the final.

Frank B. Young defeated L. B. O. Lomell in a hard-fought game for the Consolation Medal, 2 up and 1 to go.

In the ladies' final match for the Consolation Medal will be played this week between Mrs. Donald French and Mrs. Givins. Thanks are due the Rev. A. Currie, Mr. Joe Van Tichem, Mr. Martin, and Mr. C. H. Patrick for their kindness in acting as markers for the above games.

"Ladies' games among the ladies are going about as hotly, a prize having been offered for the greatest number of "ladies' victories during the season. The score in wins up-to-date is as follows: Mrs. Patrick (name withdrawn) 3, Mrs. Hill 3; Mrs. Van Tichem, Mrs. Givins each 2; Miss Watson, Mrs. Williams, Mrs. Lydall, each 1; Mrs. Stuckson and Mrs. Keeling, not completed.

Cheadle Notes

Cecil Edwards arrived home from the States on Friday.

Mr. Ray Miller spent the weekend in Calgary with Mrs. Miller and the baby, and reports that the baby is some better.

J. Payne has finished filling his silo and is ready to start threshing.

Charlie Cowell report a crop of 57½ bushels to the acre on 70 acres. This is Red Bob wheat, and balance in quarter section going 23 bushels.

Jimmie Rae was turning out about 25 bushels to the acre and Jim Kildie running 20 to the acre on stubble.

Mr. Pierson threshed 12,000 bushels of oats on spring plowing on 150 acres. We have not heard what his wheat made.

W. J. Miller has got himself a new threshing outfit and will start this week on his own crop.

There is little green feed to cut in the district yet, and quite a lot of stock to go dry.

NEW DODGE BROTHERS CAR EASY RIDING

It doesn't take an owner long to detect the remarkable riding qualities of the new Dodge Brothers' Motor Cars.

According to Mr. Harold Bell, local Dodge Brothers dealer.

The cars have been tried out now by owners over every kind of going and the riding comfort has been demonstrated thoroughly. It is felt in both the front and rear seats, regardless of position or road conditions. There is no queuing the feeling of unusual comfort and the definite impression of stability and solidity which contribute so materially to satisfaction in driving.

The splendid riding comfort of the new Dodge Brothers cars is due largely to the type of rear spring suspension employed. The rear springs which are extremely long, are under-damped. Also the fact that the body has been lengthened and lowered tends to make the car cling more firmly to the road.

The new car is, in every sense, a remarkably easy riding car.

WHY THE FARMER QUITS

A farmer at Chilliwack, B.C., says he sells a hide that costs him some 12 to 14 hours work.

But the price he gets for that hide will only pay his hired man what he demands for one hour's work.

Yet the price paid the hired man is no more than his work is economically worth.

The whole thing comes down to this—that it is more profitable to work for a farmer than to be a farmer, that it is more profitable to be an employee than an employer, more profitable to be without skill, experience and education than to have the farmer's skill and must have, than to have it.

So far as agriculture is concerned, our economical system seems to be entirely out of joint.

Figuring out the necessary adjustments will be the greatest problem of the decade.—Vancouver Sun.

DODGE BROTHERS MOTOR COMPANY LIMITED
ANNOUNCE
IMPORTANT IMPROVEMENTS

Dodge Brothers have not simply brought out a complete new line of motor cars. They have done something infinitely wiser and better than that.

They have brought new beauty, new riding ease and new mechanical perfection to the product on which their reputation as builders has been founded.

They have built a better and a more desirable line of motor cars—yet basically and fundamentally the identity of their product remains the same.

The same sturdy engine is under the hood the same dependable chassis, improved in numberless details, underlies the body.

But the rear springs—now underslung—have been materially lengthened. The wheelbase, too, is longer, and the combined result is a notable improvement in riding qualities.

Bodies of all types have been designed to give improved appearance, and greater comfort. Lower, longer, with deeper seats and more leg room, the lines of these new cars are low-swinging and graceful—the interiors are comfortable and roomy.

New head lamps and fenders, especially designed by Dodge Brothers to conform with the general lines of the car—a long straight hood and cowl effect—longer and wider running boards—unusually wide doors—combination stop signal and tail lamp—and instruments attractively grouped on raised panel—are a few of the numerous body innovations common to all types.

Combining these features with important mechanical improvements, too numerous and technical to enumerate here, it is not extravagant to predict a reception for these cars unprecedented in automobile annals.

Slats' Diary

Friday—Met an old friend of Pa and ma with great dinner time at a house today which has been married six times a ready and he says he pays always—no, to them, I sat in a joke if he had them listed in alphabetical order, and he just left with a snail's pace.

Saturday—If they are one thing that makes me get mad under his collar is for somebody to try and kid him or something when he is with me with the lord. Today he was trying to start it with the Crank and ma did come along on a horse and he said he would let me play. Luckily for the kid the crank was snatched out of his hand and he was in the wing at the strength of Pa's rifle arm. Then I turned the key and the thing started all OK.

Sunday—Well tomorrow the hotel days will have come once more. Some times I wish I was a poor kid born of honest parents in I end with in the old mine and live in the slumps of a big city where you can go to school on a lot of not count money and where you can see the Glatts and the First wife on Sunday afternoon in a hot hole in the fence. But this kid was up all the back.

Monday—Are liberty was extended away from us today. Still and all we do have a good deal of fun. Ar-frecker says she is glad to see us again this year that in me and she and Bill and Blitters with stayed in her room for review this year. But I consolidated I got Pa and ma are going to take me with them on their vacation trip to Tennessee because they aren't anybody they care to leave me with when they would take a chance on a blooded red American like me.

Tuesday—Jake is comical when it comes to class work. Teacher ask him to tell what he saw about Ivory today and he said all he new was that it floats and is a skin you love to touch. Wednesday—When teacher ask Alice Meame who was the three best boys in history she answered and reproved Mary Tudor, Mary Queen of Scots and Mary Crismas.

Thursday—Let me to help me out by telling me a sample of Minority rule. He asked a couple times and finally said "Well I reckon wood be a woman with two husbands."

The other day a lady asked a clerk in a store to wrap in paper a couple of things he had put in paper bags with the name of his firm printed on the bags. The clerk complied and then said: "May I ask the big idea?" "Yes, I object to being a walking advertisement for any store. If you want to advertise why don't you do it in a newspaper where one can read it comfortably at home?" she replied, and then added: "I should be glad if I would save you a lot of time to state in the paper what you repeat over and over to each customer. I do enjoy reading about the stores of the world do not yet find standing around a store waiting for some one to tell you how much this or that will cost. Good bye!"

Speaking to the Canadian Club in London, Eng., recently, E. W. Beatty, President of the Canadian Pacific Railway, contrasted the "irritating tortoise-like slowness" of Canada's population policy with Australia's progressiveness. "We Canadians would be wise to keep our gates open for brains as well as brawn," he said.

One hundred and fifty delegates of the Canadian World Newspaper Association will tour the British Isles next summer, and hold their annual convention in London, according to decisions reached at the final meeting of the convention here. The party will leave about the first of June, and will attend the Empire Exhibition. The tour will last about six weeks.

Up to the end of 1922 dividends paid by the gold and silver mines of northern Ontario amounted to over \$123,135,000. Cobalt camp was discovered late in 1903 and hardly began producing until 1905. Dividends paid in 1922 of Cobalt mine amounted to \$25,463,250, which represents practically 50 per cent of the gross value of production. Percentage mines have paid \$25,472,285.

George E. Buchanan, of Detroit, head of the "On to Alaska" movement, will have 32 boys and 24 adults or members of Buchanan's families who he personally conducts his party from Vancouver July 15 to the Canadian "Princess" steamer. Buchanan thinks, with President Harding, that a trip to Alaska is a liberal education to any boy who takes it. He puts up one-third of the expense, he earns one-third and the boy's parents put up the remaining third.

Opportunity Knocks
ARE you listening to the insistent pounding of Opportunity? Are you aware of the fact that the Wanted columns of a paper present some of the best possible opportunities—opportunities to buy, to sell, or to offer a service? The cost is comparatively small when you consider the excellent results.

STRATHMORE & BOW VALLEY STANDARD
REOPENING OF THE OLDS SCHOOL OF AGRICULTURE
To those interested in agriculture and agricultural education, a new school, accomplished by the Provincial School of Agriculture, at Vids, since its inception some ten years ago is working & more than passing time. An average yearly attendance of one hundred and thirty-eight students has been recorded, giving a total of over twenty hundred men and women receiving an education of inestimable value to the province and to the community in which they reside.

On October 26th next, the doors of the Olds School will swing open to receive students for the tenth term. There is every prospect of the average enrollment being maintained, if not surpassed. While the present season has, owing to low prices, been somewhat unfavorable to the farmers, no profits on the fact that only a select and specialized practical training in the problems of production and marketing can the farm be made to show a profit under adversity, will result in a man sending his son to the school to obtain the education offered by the Province through the School of Agriculture, Olds.

Mrs. Dan Otto, of Stratford, Ont., set 33 eggs and hatched 34 ducklings from them. One egg was apparently of the double yolk variety and both yokes were hatched.

A new direct passage service between Canada and northern Ireland has been inaugurated by the Canadian Pacific Steamships, Ltd. Three steamers have been assigned to the route.

James Edwards, of Port Robinson, declares he has a chicken out of this year's hatch which out-breaks most chicken flocks. This one has four legs, four wings, two backs, two necks but only one head. It has been preserved in alcohol.

One hundred and fifty families are to be brought into British Columbia and settled under private contract by the Vancouver Island Railway, the main line of the south-east of Port George, W. A. Leithwaite announced, following his return from England recently.

A Swedish scientist claims to have perfected a process for the manufacture of "artificial meat" from 50 per cent, seaweed and the balance chalk and chemicals. The product is as hard as oak, and can be placed, stewed, baked, roasted, fried or fried, and will not deteriorate in water.

A start on the actual work of electrifying sections of the Canadian Pacific Railway's main line through the Rockies may be made next year. D. C. Coleman, vice-president of western lines, says that traffic demands and financial conditions would determine when a start would be made.

The decision of the Government of the province of Quebec to grant a bonus of \$4 per acre for land cleared will result in an approximate outlay of \$250,000. Clearance in the past few years has amounted to approximately 40,000 acres, but the total this year is expected to be
